

*Kitchen design and specification* planner

quality is everything

We understand redesigning or renovating your kitchen can be a daunting task with a lot of decisions to be made. We have designed thousands of kitchens with our Project team having a combined 65+ years experience in the trade. We know kitchens and we understand how overwhelming (yet exciting!) the process can be.

We have compiled this **kitchen design & specification planner** to help you determine your wish list for the layout, style, cabinetry, materials, finishes, appliances and fixtures so that we can work to make your dream a reality.

## What is your kitchen budget?

### Standard (Under \$15k)

- Standard Materials used
- Laminate benchtop and cabinetry
- Minimal drawers
- Retain existing layout, no structural changes
- Sink & tap upgrade
- Basic appliance package

### Mid range (\$15-25k)

- A range of benchtop options including premium laminate finishes to standard stone
- If space allows include a walk-in pantry and appliance cupboard
- A reputable appliance package with some added features

### High range (\$30k)

- Use a professional kitchen designer and project manager to manage the build, including appointing contractors and tradespeople
- New layout to maximise your space and functionality, including structural changes
- If space allows add a butler's pantry
- Statement benchtop
- European appliances, with 900mm cooktops. Overhead feature lighting

What is your design style?

**Country / Shaker**

**Coastal Contemporary**

**Modern**

What colour palette are you aiming for?

**Whites / Neutrals**

**Dark**

**Woodgrain**

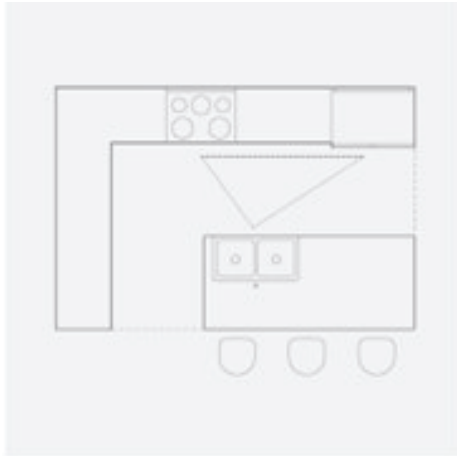

**Bright & Colourful**

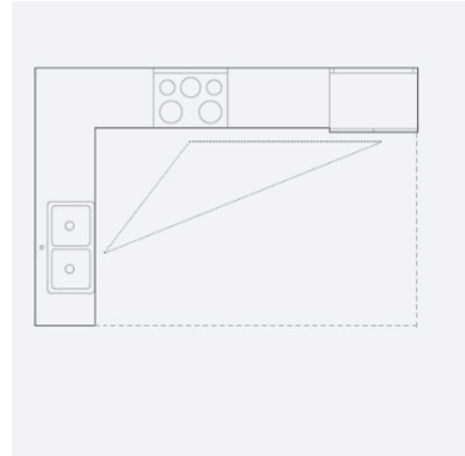

## What layout do you envision?

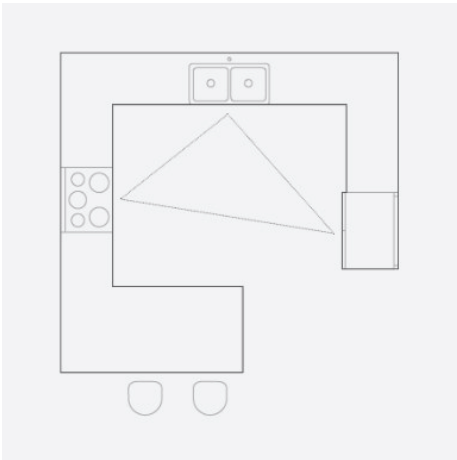

### Island Benchtop

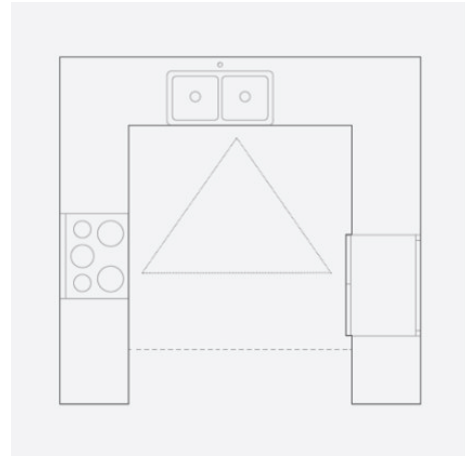

### L Shaped

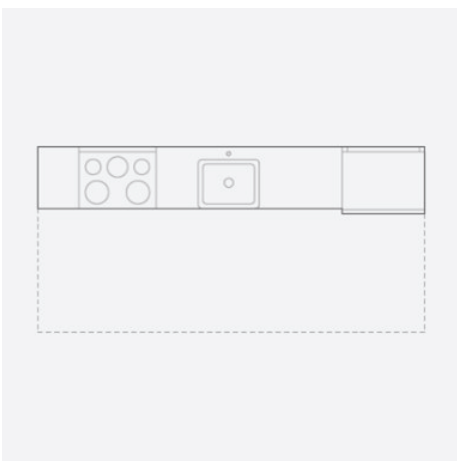

### G Shaped

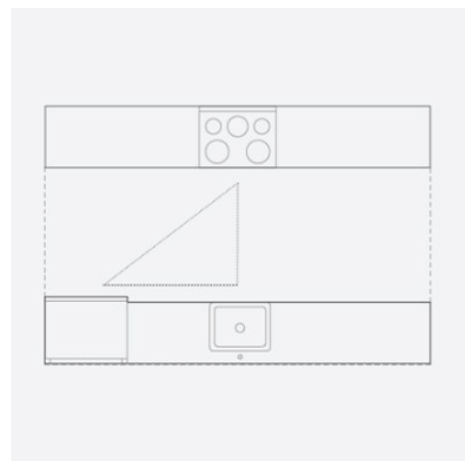

### U Shaped

### One Wall

### Gallery

quality is everything

Which style of pantry have you chosen?

### Corner Pantry

### Straight Pantry

### Pull Out Pantry

### Blind Corner Pantry

### Butler's Pantry
